Final Concurrence Letter DWR.pdf

I have EPA's concurrence/agreement letter on the JD. It is attached.

CE didn't attach the 404(b)(1) outline so I'm not sure what she is referring to in her message. Sounds like it could be a ME description of their approach to meeting the regs? An outline isn't part of the regs. If it contains their ideas about screening criteria and LEDPA identification, then we will know their perspective. I hope they don't expect a lot of feedback from you and Mike on it tomorrow since they'll just be giving it to you at the meeting.

two quick questions

(1) Do I have somewhere from you or maybe Paul a copy of the exchange of letters or emails where we blessed the wetland delineation approach that they are now changing?

(2) Is this 404(b)(1) outline anything that is required or normal in the 404 world, or is it just more ME make work?

Good Afternoon – Attached is the agenda for tomorrow's meeting. I'm also attaching the draft meeting notes from the last three meetings. I know it's a bit late to review them for tomorrow, but when you get a change take a look and send me any comments. I will make changes and have final versions for the following meeting.

See you soon, Cassandra
